### **DETAILED ACTION**

This action is responsive to applicant's amendment of 10/25/2010, which has been entered into the electronic file of record.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis M. Hubbs on 2/15/2011.

#### **IN THE CLAIMS:**

Claim 49 is cancelled.

#### **Allowable Subject Matter**

Claims 1-5, 12-34, 47, 48 and 50-52 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 13-34, 50 and 51 were already allowed.

Regarding the other claims, the prior art fails to teach or fairly suggest, in the context of all other limitations present in each independent claim, an arrangement wherein the dot pattern

forms a lattice block by a horizontal line composed of successive equally spaced dots and a vertical line extending vertically from the horizontal line, the lattice block has a lattice area surrounded by lattice points, and an information dot that defines data is generated by the algorithm and arranged within the lattice area.

The examiner notes that certain features of these limitations are distinguishing such as a lattice block of points surrounding “an” (singular) information dot. This is seen in particular in figure 105 of the instant application for example, where a lattice of non-information-bearing dots surrounds each information-bearing dot, forming a lattice block with an information-bearing dot inside. Davis (US 5,892,846) and other prior art fails to disclose this.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

#### **Remark Regarding Information Disclosure Statements**

The examiner had failed to initial one IDS (1449) and overlooked a missing date on another. Both of these are corrected. Copies of these signed IDS documents are supplied a second time to the applicant herewith.

### **Conclusion**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANIEL A. HESS whose telephone number is (571)272-2392. The examiner can normally be reached on 9:00 AM - 6:00 PM M-F.
